## BLOGGERS EXPOSE DEMOCRATS' DIRTY LITTLE SECRETS AND THEIR SHOCKING CULTURE OF CORRUPTION

*Buyer's remorse is an emotional condition whereby a person feels regret after buying something... it also applies to politicians and political parties—as those who voted Democratic in 2006 are about to discover.*

**Washington, D.C.**—William Jefferson, thaw your hidden cash! Nancy Pelosi, get cracking on obtaining those forged visas for your illegal immigrant workers! And, the congressman who took a trip on a terrorist organization's dime...we know who you are.

Corrupt Democrats, watch out! When Democrats made “ethics” the centerpiece of their 2006 campaign, **Matt Margolis** and **Mark Noonan**, leading bloggers of **Blogs for Bush** and **GOP Bloggers** knew the public wasn't getting the whole story. That is, until now! In their new release, *Caucus of Corruption: The Truth about the New Democratic Majority*, Margolis and Noonan expose the shocking dirty secrets Democrats don't want you to know—and that will be sure to outrage the nation.

Margolis and Noonan lift the veils of the “ethical” leaders of today's ruling party. Leaving no stone unturned, they expose the unreported motivations behind the Left's political facade, including:

- How Harry Reid became a millionaire on a senator's salary, his questionable land deals, and his connections to disgraced lobbyists and billionaire casino owners
- Media darling Barack Obama's cozy relationship with the indicted fundraiser next door
- Clinton foot soldier and Illinois Democratic congressman Rahm Emanuel's love of dirty money, and the corrupt political machine that got him elected
- The “seriously corrupted” Democrats who may be connected to Jack Abramoff
- Which Democrats over the years have reached out to our enemies in order to undermine Republican presidents
- Democratic campaign finance law corruption
- The truth about who's taking free trips, receiving bribes, and leaking confidential documents to the media

And that's just the tip of the iceberg! As Mark Twain once wrote, “America has no criminal class, except Congress.” Margolis and Noonan solidify this statement and much more in their definitive source on Democratic dirty deeds, *Caucus of Corruption*—a must-read for conservatives, political junkies, and everyone concerned about the dubious ethics and shady goals of the new Democratic majority.
