## The successful launch week of Simmons Air reveals a promising future on the horizon

*The opening week of Simmons Air has exceeded our expectations. Customers have purchased literally hundreds of tickets online and flights are already averaging 60 to 75 percent capacity.*

--Wayne Simmons – President of Simmons Air

**Annapolis, MD---**On **September 22**, businessmen and vacationers boarded Simmons Air for the first time. In only 35 minutes for \$45 they arrived cheering in Ocean City – a commute that used to take hours – promising their first flight would not be their last.

With the launch week behind him, and the Inaugural Flight Celebration scheduled for Tuesday, September, 27, President Wayne Simmons is delighted with the success of the airline. The party will include Maryland Governor Robert L. Ehrlich, Jr, over 100 local business leaders and Mayor Jim Mathias of Ocean City, Maryland for a ceremonial ribbon cutting and celebration.

**Simmons Air** started with three round trip flights per day and will soon expand its schedule to nine on-demand trip flights per day from their terminal located just behind BWI in Baltimore to Ocean City every two hours from 6 a.m. to 10 p.m. for less than \$99 round trip. Instead of the grueling traffic or indirect flights, it will now take only 35 minutes to soar above the traffic and land just two miles outside of Ocean City. Upon arrival, Simmons Air will even arrange for a shuttle from Enterprise Rent-A-Car to be waiting for passengers at the terminal. Enterprise is located just a few miles from the airport where passengers can pick up their vehicles.

Simmons Air provides:

- Tickets for \$45 that can be bought on a whim or in advance for the same price
- Waiting lines of ten minutes or less that still maintain the highest levels of safety and security
- Luxury Cessna 404s and 402Cs with oversized seats and unmatched window views

Simmons Air is operated by Hinson Corporate Flight Services who has been in business for over 65 years. For more information, please visit [www.simmonsair.com](http://www.simmonsair.com)
